

### **Matching Gift Programs for 501(c)3 non-profit organizations:**

Matching gift programs are offered by many companies. Most often the company will match one to one. To begin the process, most companies require that the donor fill out a matching gift form and send it to our organization. Typically you can obtain this form through your company's HR department. Once we receive the form, the matching gift can be added towards our fundraising goal.

Please mail matching gift forms to:
